

my vampire

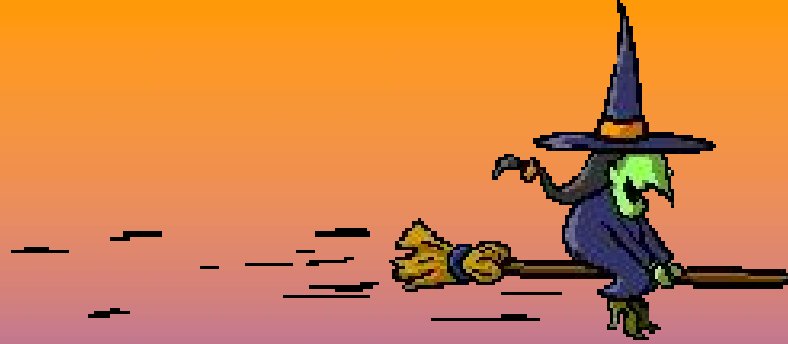

Once there was a vampire named Crystal. She wears a black dress and she has black hair. She eats people. She has fangs and she is scary. And she is really pretty.

She lives in a castle. She sleep's
in a graveyard. Her friend is
Sapphire. At night people rise
from the dead. It smells really
bad. Ghosts fly around. Bats fly
around.

Kids went in the Crystal's castle. The kids heard scary noises. There were creaky stairs. The kids went up and there stood Crystal. And she scared them really bad.

The kids came back for Halloween. They saw Crystal and the kids asked to be friends. Crystal said yes so they celebrated.
