

Ant's

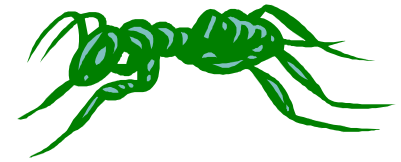

Ant's are black.

Some are red.

Some are black and red.

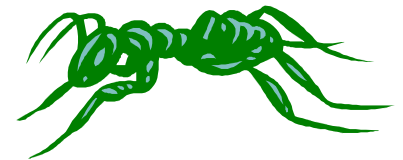

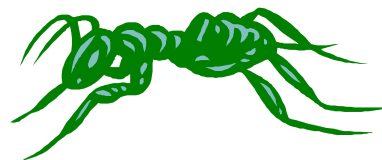

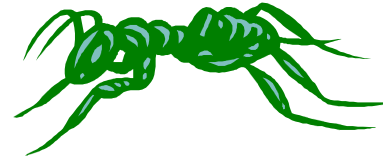

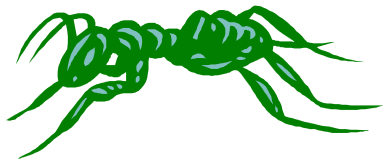

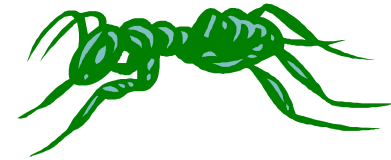

Ant's live in the forest.

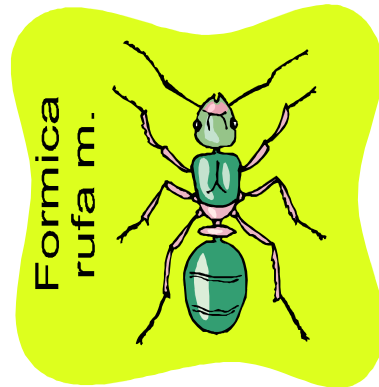

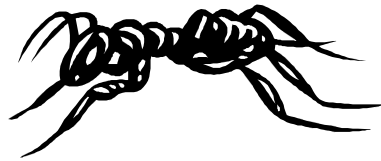

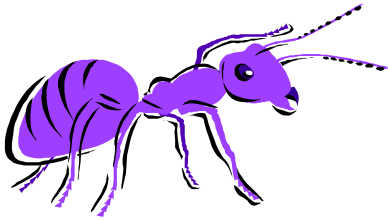

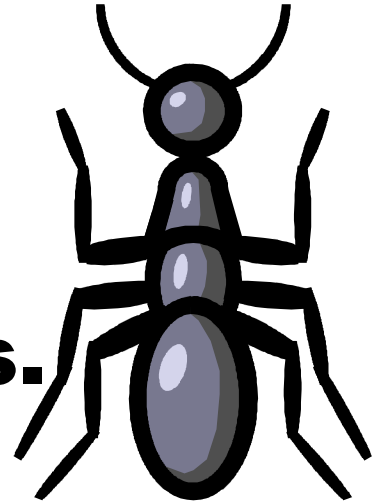

Ant's live under logs.

Ant's live in your back yard.

**Ant's eat leaf's. Ant's eat
strawberry's. Ant's eat apples.**

**The life cycle of a ant is, egg,
larva which is simple
metamorphosis.**

*It run's fast. It eats. It
lives in a colony.*
