

Mason the dragon

Once there was a fire breathing dragon named Mason. He had sharp teeth . He was very vicious. He had lots of power. He had spikes. He is fire breathing. He brakes things. He eats people he has fangs.

He lives in a spooky cave. It has seaweed. It has webs. It has skeletons. It has glowing ghosts. His cave is very old. There's vicious monsters. He eats people. The dragon is 100 years old.

They were trying to get him out of his cave to capture him. People where going in his cave. When people go in side they get eaten.

Then he got on a diet. He stopped eating people and then they became friends and they lived happily ever after.
