

HENRY AND MUDGE AND THE WILD WIND

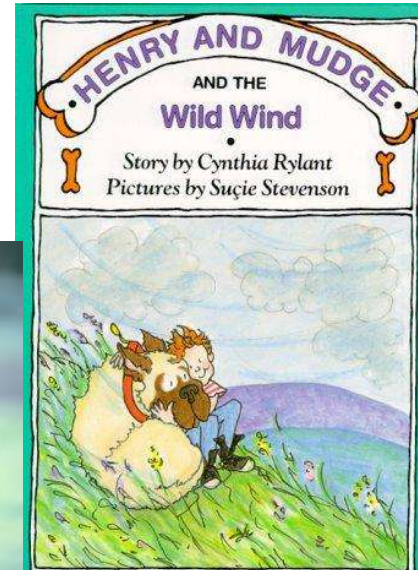

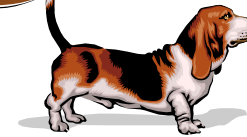

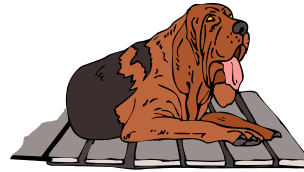

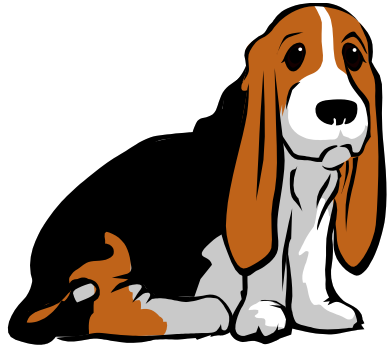

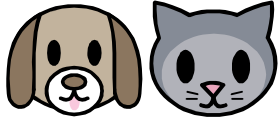

Henry and Mudge and the wild wind is funny. If you read this book you might know what Mudge dose. It's funny there's a storm and Henry keeps on whistling. Even Mudge walks around the kitchen table 100 times . Henry and Mudge felt a strong wind and they saw a storm coming their way. Mudge is my favorite character because Mudge is funny.

I can relate to Mudge because Mudge is scared of thunderstorms just like me. I am funny just like Mudge. I do a lot of stuff that Mudge does. I would like a dog just like Mudge.

I like the book very much because the book is funny. My favorite part of the book was when Mudge did strange things. I don't have a least favorite part of the book. I don't think the book should be changed. I like the book just the way it is.

I would like Chantal to read this book. I think all of the people should read this book
