

5 pumpkins

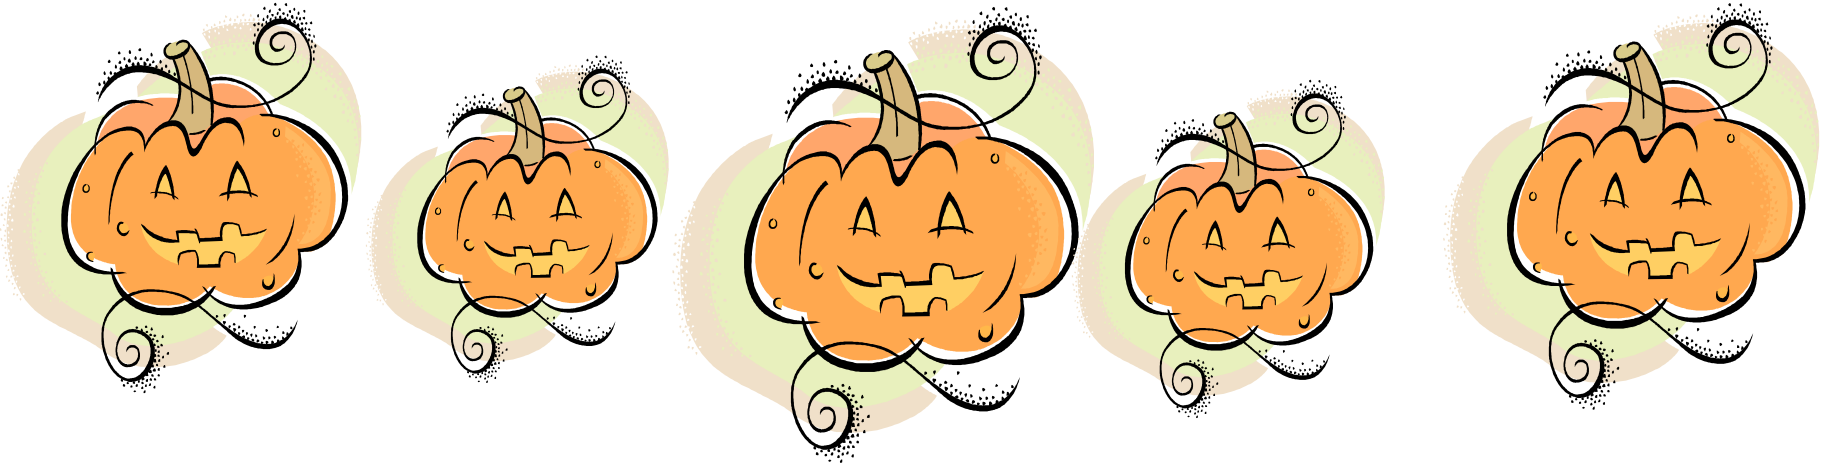

Once upon a time there lived 5 scary pumpkins. They have scary faces and they even make scary noises and they are orange.

They live in a haunted house. Bats get you when you go inside the haunted house. Vampires come out and touch you and ghosts scare you. Goblins and mummies walk all around. There are skeletons and spiders hanging on the wall.

The problem was that the
5 pumpkins were
hungry and they did
not have something to ate.

Yesterday the 5 pumpkins didn't get to eat food
some food. Then they found some food to eat.
Then they were happy!
