

THE EATER GHOST

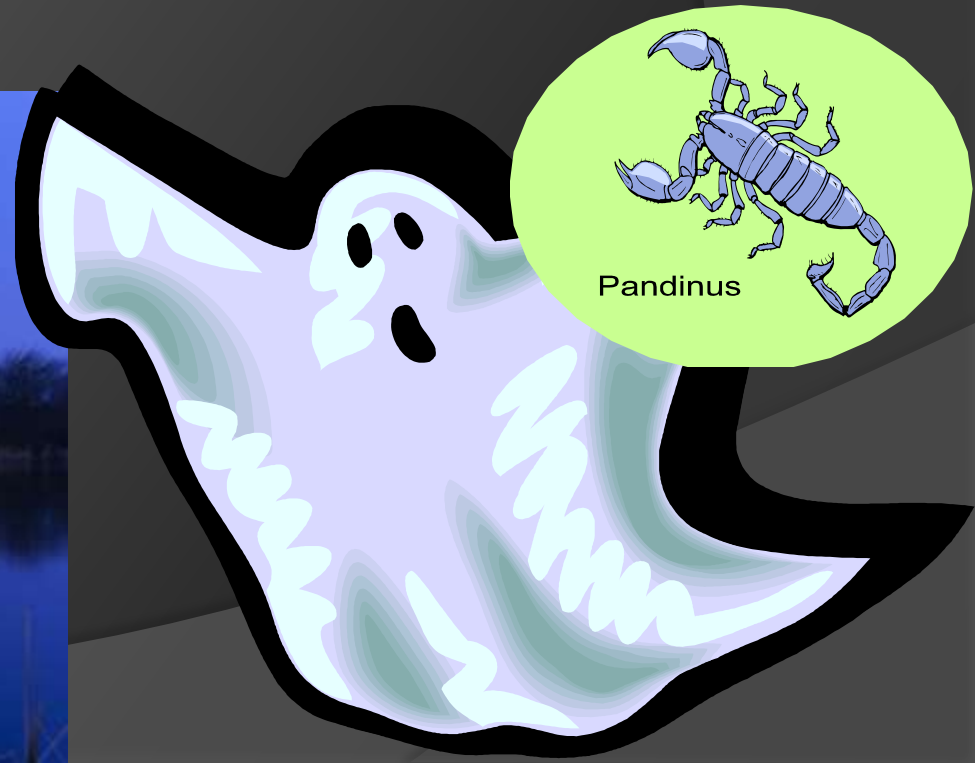

Long ago, a freaky ghost that lived in a castle far away on a humongous hill . When he casts spells they are scary because one time he cast a spell , and it said , " Bloody Mary Bloody Mary Bloody Mary ! " And Bloody Mary showed up ! He has white skin and a freaky face . His breath is super smelly .

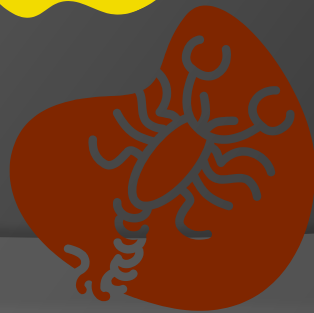

Eater ghost lives in a haunted castle . In the dungeon there are scull heads . Near the draw bridge there are two jack-o-lanterns . Eater ghost opened the door it creaked open . Neee!

Then he was in a canyon and he ate a mountain, first his tummy got super big then he went back to regular size then his tummy started to hurt . So he had to go to the ghost doctor ,when he drank the medicine.....

He felt better ! He said , " BLOOB BLOB BLOO !!!" so he said thank you ! Then he continued eating . -The End .
