

The monster

The skeleton bat was small as a mouse but
It had a big mouth. He is scary and he was
very orange. He eats you when you are bad.

He lives in a haunted house. When you walk in bones will get thrown at you and bats will fly around. Zombies will walk out and ghost will come.

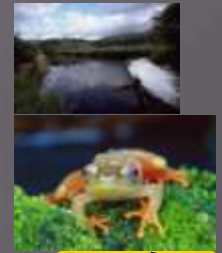

One day a bat broke the window. He was very scared.

We fixed the widow and nobody got in trouble.

HAPPY HALLOWEEN
