Creating Web Pages I: Teaching with Interactive Web Pages

The following is the syllabus for the graduate course at Ottawa University. The syllabus is aligned to the [appropriate state/national standards to which the course applies] and Arizona State Teacher Standards.

Course Description:

Learn to create a web page using *Microsoft Word*. Use web page to teach K-12 students. Create interactive games and other learning activities. Design your project to meet the educational needs of your classroom! **No Prerequisite, though basic Internet experience is recommended. Twelve hours of additional practice required for two credits. An additional outside project will be required to earn three credits.**

Fall 2007

May be taken for 2 or 3 credit hours

Dates: November 10-11

Location: Ottawa University, Phoenix Center, 10020 N. 25th Ave.

Attendance: Attendance is mandatory at all class sessions.

Instructor: Michael Mann, teacherz@cox.net, (480) 664-9161

Course Objectives:

Upon completion of this course, participants will be able to:

- Design and create multiple web pages that support his/her teaching responsibilities.
- Design Web Quest activities to be used in his/her classroom.
- Upload and update web pages to a web server.

Course Outline:

- Basic skills for creating interactive web pages using *Word*
- Introduction to the Web Quest
- Begin Project: Web Quest
- Complete Web Quest Project
- Create interactive games
- Save Web Quests to post on internet
- Share Web Quest with Class

Course Materials:

All necessary course material is posted online.

Evaluation/Outside Project:

Students will be evaluated on participation and completion of the in-class practice assignments. Twelve hours of additional outside practice is required for two credits. To earn three credits all students must complete an outside project. The student with the approval of the Instructor will select the content of the project. It should include 12 hours of combined practice and project, and must be submitted by disk or e-mail within 1 week of completion of course. A rubric for evaluation of the project will be provided to the participants during class.

Student Handbook/Catalog:

Participants should refer to the Ottawa University Student Handbook for all University Regulations.

Disclaimer:

Course content and schedule may vary from this outline to meet the needs of a particular group of participants. The instructor will explain the rationale for any variance as it occurs.
