Evaluation/Outside Project:

Students will be evaluated on participation and completion of the in-class practice assignments. Twelve hours of additional outside practice required for two credits. To earn three credits all students must complete an outside project. The student with the approval of the Instructor will select the content of the project. It should include 12 hours of combined practice and project, and must be submitted by disk or e-mail within 1 week of completion of course. A rubric for evaluation of the project will be provided to the participants during class.

Student Handbook:

Students should refer to the Ottawa University Handbook for all University regulations.
